Model #: WTW5057LW

4.7-4.8 Cu. Ft. Top Load Washer with 2 in 1 Removable Agitator

Customize your loads the way you want in this 4.7-4.8 cu. ft. Whirlpool® Top Load Washer with 2 in 1 Removable Agitator. Simply remove the agitator to give bulky items a little more space to move. You can even pretreat stains right inside the washer using the Built-In Water Faucet that gives you easy access to an instant water stream to help remove loose soils.

Features:

- 2 in 1 Removable Agitator: The industry-first 2 in 1 Removable Agitator lets you customize any load to care for your clothes the way you want by easily swapping the agitator post in or out. With two ways to wash, it's twice the washer you have at home.
- Built-In Water Faucet: Easily prewash clothes and other items right in the washer with a conveniently located faucet that gives you easy access to an instant water stream to remove loose soils.
- Deep Water Wash Option: Get more water to help break down loose soils. This option automatically adds more water to your load, so heavily soiled clothes get an optimal clean.
- Presoak Option: Save a step by soaking and washing in one cycle. The Presoak Option starts washing your laundry after a 30 minute presoak.
- Smooth Spiral Stainless Steel Wash Basket: Help protect fabrics with this stainless steel wash basket that gently guides clothes during the wash.
- EasyView™ Slow-Close Glass Lid: Enjoy a clean, streamlined look with the slow-close, see-through lid that lets you easily check on your load while it's washing.
- Lid Lock: Unlock the lid any time simply by pressing the Start/Pause button. The lid automatically locks when the load sensing phase begins, at which point the Lid Lock icon on the console is illuminated.
- 360 Wash Agitator Option: Thanks to the industry-first 2 in 1 Removable Agitator, you can easily reinsert the agitator whenever you want to switch back from the impeller. Multiple wash motions gently move clothes up, down and side to side throughout the cycle for a thorough clean.
- Smooth Impeller Option: Easily remove the industry-first 2 in 1 Removable Agitator when your load needs a little more space to move. Impeller wash action cleans by rubbing the fabrics against each other, while the design of the impeller's surface helps drive clothes from the outer rim to the center, where the deepest cleaning happens.
- 4.7-4.8 Cu. Ft. Flexible Capacity: Wash more than 2 baskets of clothes in a single load* thanks to our washer with a flexible 4.7-4.8 Cu. Ft. Capacity. Keep the agitator in, or swap to the impeller for the extra room to wash bulky items. *One basket = 7 lbs.
- Quick Wash Cycle: Your small, lightly soiled loads will be clean in as little as 30 minutes with the Quick Wash Cycle.* (*Based on a 3-lb load)
- Extra Rinse Options: Two Extra Rinse options help ensure that messes and detergent are thoroughly rinsed away. Add it to heavily soiled clothes and loads with fabric softener to achieve an optimal clean.
- Clean Washer with affresh® Cycle: Run the Clean Washer with affresh® Cycle every 30 washes with an affresh® washing machine cleaner tablet or liquid chlorine bleach to thoroughly clean the inside of your washer.
- An American company for over 100 years: Whirlpool Corporation started in 1911 as a small company in Benton Harbor, Michigan. Today we are a global home appliance business selling products around the world. We are proud of our American heritage and ingenuity that have driven innovation for over 100 years.
